This policy is intended to meet the requirements of *Accessibility Standards for Customer Service, Ontario Regulation 429/07* under the *Accessibility for Ontarians with Disabilities Act, 2005*, and applies to the provision of goods and services to the public or other third parties, not to the goods themselves.

All goods and services provided by MCSs (MCS) shall follow the principles of dignity, independence, integration, and equal opportunity.

### **Scope**

- a) This policy applies to the provision of goods and services at premises owned and operated by MCS.
- b) This policy applies to employees, volunteers and/or contractors who deal with the public or other third parties that act on behalf of MCS, including when the provision of goods and services occurs off the premises of MCS such as in: delivery services and drivers.
- c) The section of this policy that addresses the use of service animals only applies to the provision of goods and services that take place at premises owned and operated by MCS.
- d) This policy shall also apply to all persons who participate in the development of the policies, practices, and procedures of MCS governing the provision of goods and services to members of the public or third parties.

### **Definitions**

**Assistive Device** – is a technical aid, communication device or other instrument that is used to maintain or improve the functional abilities of people with disabilities. Personal assistive devices are typically devices that customers bring with them such as a wheelchair, walker or a personal oxygen tank that might assist in hearing, seeing, communicating, moving, breathing, remembering and/or reading.

**Disability** – the term disability as defined by the *Accessibility for Ontarians with Disabilities Act, 2005*, and the *Ontario Human Rights Code*, refers to:

- a) any degree of physical disability, infirmity, malformation or disfigurement that is caused by bodily injury, birth defect or illness and, without limiting the generality of the foregoing, includes diabetes mellitus, epilepsy, a brain injury, any degree of paralysis, amputation, lack of physical co-ordination, blindness or visual impediment, deafness or hearing impediment, muteness or speech impediment, or physical reliance on a guide dog or other animal or on a wheelchair or other remedial appliance or device;
- b) a condition of mental impairment or a developmental disability;
- c) a learning disability, or dysfunction in one or more of the processes involved in understanding or using symbols or spoken language;

- d) a mental disorder; or
- e) Any injury or disability for which benefits were claimed or received under the insurance plan established under the Workplace Safety and Insurance Act, 1997.

Guide Dog – is a highly trained working dog that has been trained at one of the facilities listed in Ontario Regulation 58 under the *Blind Persons’ Rights Act*, to provide mobility, safety and increased independence for people who are blind.

Service Animal, including Guide Dogs and Service Dogs – as reflected in *Ontario Regulation 429/07*, an animal is a service animal for a person with a disability if:

- a) It is readily apparent that the animal is used by the person for reasons relating to their disability.
- b) If the person provides a letter from a physician or nurse confirming that the person requires the animal for reasons relating to the disability.

Support Person – as reflected in *Ontario Regulation 429/07*, a support person means, in relation to a person with a disability, another person who accompanies them in order to help with communication, mobility, personal care, medical needs or access to goods and services.

The Provision of Goods and Services to Persons with Disabilities

MCS will make every reasonable effort to ensure that its policies, practices and procedures are consistent with the principles of dignity, independence, integration and equal opportunity by:

- a) Ensuring that all customers receive the same value and quality.
- b) Allowing customers with disabilities to do things in their own ways, at their own pace when accessing goods and services as long as this does not present a safety risk.
- c) Using alternative methods when possible to ensure that customers with disabilities have access to the same services, in the same place and in a similar manner.
- d) Taking into account individual needs when providing goods and services.
- e) Communicating in a manner that takes into account the customer's disability.

Customer’s own assistive device(s)

Persons with disabilities may use their own assistive devices as required when accessing goods or services provided by MCS. In cases where the assistive device presents a safety concern or where accessibility might be an issue, other reasonable measures will be used to ensure the access of goods and services. For example, open flames and oxygen tanks cannot be near one another. Therefore, the accommodation of a customer with an oxygen tank may involve ensuring the customer is in a location that would be considered safe for both the customer and business. Or, where elevators are not present and where an individual requires assistive devices for the purposes of mobility, service will be provided in a location that meets the needs of the customer.

### **Service Animals**

A customer with a disability that is accompanied by a service animal will be allowed access to premises that are open to the public unless otherwise excluded by law. “No pet” policies do not apply to service animals.

#### **Exclusion Guidelines:**

If a service animal is excluded by law (see applicable laws below) MCS will offer alternative methods to enable the person with a disability to access goods and services, when possible (for example, securing the animal in a safe location and offering the guidance of an employee).

#### **Applicable Laws:**

*Dog Owners' Liability Act, Ontario:* If there is a conflict between a provision of this Act or of a regulation under this or any other Act relating to banned breeds (such as Pit bulls) and a provision of a by-law passed by a municipality relating to these breeds, the provision that is more restrictive in relation to controls or bans on these breeds prevails.

#### **Recognizing a Service Animal:**

If it is not readily apparent that the animal is being used by the customer for reasons relating to their disability, MCS may request verification from the customer.

Verification may include:

- a) A letter from a physician or nurse confirming that the person requires the animal for reasons related to the disability.
- b) A valid identification card signed by the Attorney General of Canada.
- c) A certificate of training from a recognized guide dog or service animal training school.

#### **Care and Control of the Animal:**

The customer that is accompanied by a guide dog, service dog and/or service animal is responsible for maintaining care and control of the animal at all time.

#### **Allergies:**

If a health and safety concern present itself for example in the form of a severe allergy to the animal, MCS will make all reasonable efforts to meet the needs of all individuals.

### **Support Persons**

If a customer with a disability is accompanied by a support person, MCS will ensure that both persons are allowed to enter the premises together and that the customer is not prevented from having access to the support person.

### **Notice of Disruptions in Service**

Service disruptions may occur due to reasons that may or may not be within the control or knowledge of MCS. In the event of any temporary disruptions to facilities or services that

customers with disabilities rely on to access or use the goods or services of MCS, reasonable efforts will be made to provide advance notice. In some circumstances such as in the situation of unplanned temporary disruptions, advance notice may not be possible. In the event that a notification needs to be posted the following information will be included unless it is not readily available or known:

- a) Goods or services that is disrupted or unavailable.
- b) Reason for the disruption.
- c) Anticipated duration.
- d) A description of alternative services or options.

When disruptions occur MCS will provide notice by:

- a) Posting notices in conspicuous places including at the point of disruption, at the main entrance and the nearest accessible entrance to the service disruption and/or on the MCS website.
- b) Contacting customers with appointments.
- c) Verbally notifying customers when they are making an appointment.
- d) By any other method that may be reasonable under the circumstances.

### **Feedback Process**

MCS shall provide customers with the opportunity to provide feedback on the service provided to customers with disabilities. Information about the feedback process will be readily available to all customers and notice of the process will be made available. Feedback forms along with alternate methods of providing feedback such as verbally (in person or by telephone) or written (hand written, delivered, website or email), will be available upon request.

### **Submitting Feedback:**

Customers can submit feedback to:

Human Resource Manager  
16 Talbot Street East  
Aylmer, ON N5H 1H4  
519-765-3020  
hr@mcson.org

Customers who wish to provide feedback by completing an onsite customer feedback form or verbally can do so to any MCS employee.

Customers that provide formal feedback will receive acknowledgement of their feedback, along with any resulting actions based on concerns or complaints that were submitted.

### **Training**

Training will be provided to:

- a) All employees and volunteers who work with the public or other third parties that act on behalf of MCS; for example: drivers, vendors, and event operators.
- b) Those who are involved in the development and approval of customer service policies, practices and procedures.

### **Training Provisions**

As reflected in *Ontario Regulation 429/07*, regardless of the format, training will cover the following:

- a) A review of the purpose of the *Accessibility for Ontarians with Disabilities Act, 2005*.
- b) A review of the requirements of the *Accessibility Standards for Customer Service, Ontario Regulation 429/07*.
- c) Instructions on how to interact and communicate with people with various types of disabilities.
- d) Instructions on how to interact with people with disabilities who:
  - a. use assistive devices;
  - b. require the assistance of a guide dog, service dog or other service animal; or
  - c. require the use of a support person.
- e) Instructions on how to use equipment or devices that are available at our premises or that we provide that may help people with disabilities.
- f) Instructions on what to do if a person with a disability is having difficulty accessing your services.
- g) MCS policies, procedures and practices pertaining to providing accessible customer service to customers with disabilities.

### **Training Schedule**

MCS will provide training as soon as practicable. Training will be provided to new employees and volunteers who work with the public or act on behalf of MCS. Revised training will be provided in the event of changes to legislation, procedures and/or practices.

### **Record of Training**

MCS will keep a record of training that includes the date(s) training was provided and the number of employees and/or volunteers that attended the training.

### **Notice of Availability and Format of Documents**

MCS shall notify customers that the documents related to the *Accessibility Standard for Customer Service* are available upon request and in a format that considers the customer's disability. Notification will be given by posting the information in a conspicuous place owned and operated by MCS, the website of MCS and/or any other reasonable method.
